"Another Standing Ovation..."

Jerry Corley has been performing and writing comedy for 17 years. Deftly using humor to bridge the gaps that separate all of us, Corley's keen ability and cutting wit has been pleasing audiences all over the country, often leaving them standing on their feet wanting more. Nobody and nothing is free from ridicule as Corley gets to work shattering the political correctness barrier. He revs his socio-political engine sending the laugh meter to the red-line in such rapid-fire succession, while on a disciplined course toward inclusiveness, that even the most sensitive of audiences are too busy laughing to risk being offended. And he keeps them in side-splitting laughter right to the finish line! This comedian pulls no punches, taking on everything from free speech, to religion, to politics. Black or White; Gay or Straight, the iconoclastic Corley shares his progressive message in such a pure way--through laugh-packed humor with a surprise ending--that it leaves you feeling that you were just hit with an All-American wallop! He's cutting. He's Patriotic. But best of all he's hysterical!
