

JIMMY TURNER

COMEDIAN-WRITER

Remember the fat kid you use to beat up in high school? Well, he remembers YOU, and is returning the favor by hitting you with a 1-2 punch of funny right in your cakehole. Jimmy Turner brings his life experiences as a nerd and the humor filled dork stories he's earned to the stage in clubs all over America.

Jimmy takes day to day life, and returns it to it's funniest places, all the while without having to rely on the "Did you ever notice..." or "Why is it that..." crutch. The more of the country Jimmy sees, the more likely some place you've been or some one you know will suffer the wrath of a Jimmy joke! However, feel free to come up and shake Jimmy's hand after a show, he loves meeting fellow comedy fans!

Jimmy has two goals: "To further my comedy career and get some nachos. Yeah, actually, I'll take the nachos first, then a booking."

Oh, and Jimmy says his days of takin' wedgies aren't over yet. He just got his first colonoscopy... and the doctor found a 20-year-old Fruit of the Loom tag!
